CONNECTING LOCAL CHURCHES TO LOCAL COLLEGE CAMPUSES

The *Campus Connect* for December-January, 2018.
Please take a moment and pray for the Austin Family and a College Campus.

Needed Resources to get the Gospel to the Campuses

We have been asked by people for specific ways to help the ministry. In response to those requests, we are sharing a few areas that God is leading us in which we are trusting Him to supply. All of these resources are needed to evangelize the college campus. If this is an aspect of our ministry that you or your church would like to get involved with please let us know as we are currently raising funds for these needed resources.

- Printing of booklet- \$5,000
If we are going to reach the 7,151 campuses, people must know about the open door and how to walk through it. This booklet is designed to meet this need.
- Printing covers for John & Romans, tracts, and associated cost in order to distribute on campuses- \$1,000
- Printing and mailing the *Campus Voice* which is a resource that helps equip leaders and potential leaders to more effectively reach the college campus- \$350.00

Staying Specific in Prayer

God has answered three specific requests from this list from our last prayer letter! Please continue to pray for these requests or pick a school to pray for on a weekly basis.

- **James Madison University-** God answered prayer in supplying the requirements and favor with James Madison University as they have received initial approval! The student leaders are attending six weeks of training classes and will present the organization to the school board on February 20th for final approval. Please pray with us for the students on this day as they present for final approval!
- **UNC Charlotte-** God has provided the eight students & a faculty advisor! Pray as we prepare the application to turn-in and for approval from the school.
- **University of West Florida-** God has provided the faculty advisor! The church is working on acquiring the remaining four students. Pray God will provide these students.

December & January Re-cap.

December: Traveled to Virginia for a training seminar at James Madison Univ.; to Georgia presenting the ministry; to a preacher's fellowship to share the ministry & make contacts.

January: A fruitful and busy month traveling roughly 4,000 miles around Florida, Georgia, and North Carolina. We were in a conference sharing the ministry and making contacts; at a Singles's Retreat teaching sessions; met with pastors and workers; had opportunities to present the ministry in churches and preacher fellowships. God is giving us great favor with Pastors and churches and momentum is continuing to build in reaching the college campuses.

Prayer Request from Our Heart

Jaxson's Corner

I got some new Nerf guns for Christmas! Now I can nail my Dad with multiple guns at the same time. My Mom is pretty helpful because she gives Daddy's secret hiding spot away when we are having a Nerf war! I also know where Daddy's Nerf gun is because he does not do a good job of hiding it. I am really good at ambushing him!

Back to School Blues

Man it was hard to go back to school after Christmas break! Felt good to sleep in and be lazy. Then Mom & Dad said the dreaded words, "Christmas break is over!" Anybody else feel this way? Email me and let me know! (cfcboone@gmail.com)

- God would give me greater favor with the wrestlers and assistant coaches at App State and for the salvation of the ones who do not know Jesus Christ as their Saviour.
- For God to protect us from any accidents and keep us from any mechanical issues as we travel.
